what is

the NH Child Care Scholarship Program?

The NH Child Care Scholarship Program helps eligible New Hampshire families pay for child care by providing direct payments to qualified early childhood and out-of-school time providers. In order to be eligible, children must be under the age of 13, or under the age of 18 if they have a disability.

Eligibility

In order to be eligible, children must be under the age of 13, or under the age of 18 if they have a disability.* Parents must be working, looking for work, or in a training program, and the family's household income must meet current requirements.

* If your child is experiencing a disability or significant special need (physical, mental, educational, emotional, or developmental) whose condition limits the child's ability to care for him or herself or he or she would cause harm to him or herself or others without supervision, edibility requires may be different. Please check with your child care provider or call 1-844-ASK-DHHS (1-844-275-3447) for more information.

Do you or parents you know spend a good part of their family's budget on child care?

There's help out there: today, more hard-working parents across the Granite State can save *thousands* of dollars a year on their child care costs.

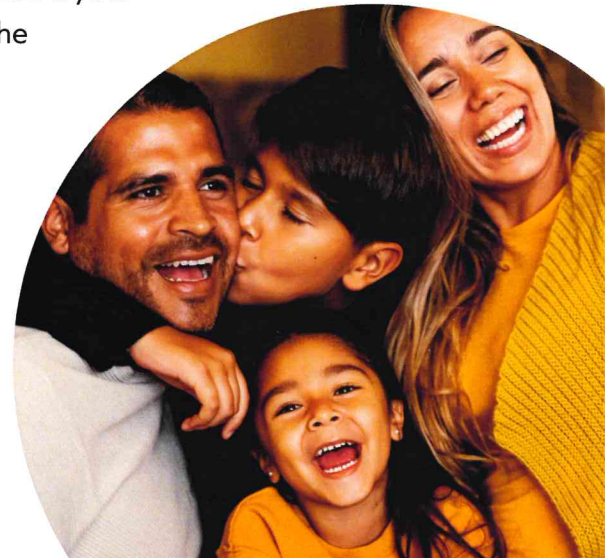

How? The NH Child Care Scholarship Program is a game-changer in child care affordability for New Hampshire's hard-working parents. NOW, even more families can get help paying for child care!

Why? Just like most parents qualify for financial aid for college (higher ed), more parents in New Hampshire are now qualifying for financial aid for child care (early ed), including afterschool programs.

Who Qualifies? Examples include: a family of 3 earning up to \$95,283 a year or a family of 4 earning up to \$113,432 a year. Use the QR code on the back for more information about Child Care Scholarship.
